Scanning the Sports scene

With BOB BROGGER

One of my reporters, Ray Cheroske, tells me that Allie Reynolds, Yankees' pitching ace, once attended Pasadena Nazarene college. And, of course, many of you know that Jackie Robinson and Dick Williams of the Dodgers and Irv Noren of the Yankees went to Pasadena City college.

The Pasadena Bullpup "A" coach, Tom Mallory, realized right away the football talent that is gathered together here in Sierra Madre. For the "A" squad has four boys from here and two from Hastings. They are: Dick Bell, Kenny Rhodes, Leland Smith and "Big" Jim Yarnell. The boys from Hastings: Jolly Pauloo and Bill Stearns. All the boys are freshmen with the exception of Pauloo.

On the "B" squad we have Toni Rudbach and Tony Pascoe. The latter can play any position in the backfield, and play them well. We do have some boys from Sierra Madre going to John Muir, but as far as we know there are no boys out for football.

Two strangers met in Pro Winning Cole's shop at the Vicksburg Country club one day, each looking for a game. "What's your average score?" Mr. A. asked Mr. B. "Between 90 and 95," Mr. B. replied. "Fine. That's about what I shoot, so suppose we play a round."

"All right," said Mr. B. "but we ought to have a little bet, just to make it interesting." So they rigged up a stout wager. After the match, Mr. A. rushed into Cole's shop and cried, "You know that lying son-of-a-bitch I was playing? I had to shoot a 73 to beat him!"

A prominent decoration in the Smith living room was a mosehead but it was hung upside down. Mrs. Smith's explanation was: "Papa shot it while it was lying on its back."

Margaret Chase Smith, U.S. Senator from Maine: "Freedom of speech should not be so abused by some that it is not exercised by others because of fear of smear."

TEXAS PAPERS PLEASE COPY!

The following news—but not the source of it—is surprising. The source, the weekly publication of the Los Angeles Chamber of Commerce, reports that native-born Texans now living in California outnumber the immigrants from any other State in the Union.

"Five and a half per cent of all Texans, 430,305 of them (more than there are native Texans residing in Dallas), live in our midst," gloats the L. A. Chamber voice. "It is surprising, considering their vaunted Lone Star pride, that we have more Texans than natives of any other State."

Possibly sheer L. A. modesty restrained the compiler of those statistics from commenting on another undeniable fact: Of late years Los Angeles has been expanding its borders by leaps and bounds, while the borders of Texas, big though the State is, haven't been pushed out by so much as a yard since the Mexican War!

Could be something on that will come out in the next issue of the weekly.

LETTERS TO THE EDITOR—

Sierra Madre News
Sierra Madre, Calif.
Sirs:

September 15, 1953

The question of financing and building an adequate centrally located public swimming pool in Sierra Madre, has been of paramount interest for many years.

The nature of this Civic improvement calls for considered judgment as to location and size to meet the requirements of this rapidly growing community.

I believe the bond issue is the most equitable way of financing this project which will provide a very desirable and worthwhile type of recreation.

Yours truly,

WILLIAM E. BOWERS

Pittingers Leave Greece, Put "Plan B" in Operation

Will Tour Europe, Work in Belgium; Older Children Back in School Here

(The Lincoln Pittingers of Sierra Madre who have been living in Athens, Greece, for the past year and who have sent many interesting, informative and descriptive letters to "the folks back home" through the NEWS, are on the move again.)

Their older children, Mary Jo, age 10, and Lincoln B., age 8, have returned to this country and are staying with Mrs. Gladys Carter, and daughter, Margaret, 1666 Mt. Wilson Rd. Mary Jo is in the fifth grade at the City school and young Lincoln is attending Clairbourne.

Their father, a consulting engineer, writes, below, of his and Virginia's plans.—Editor's Note.)

Villa Antigone
Ekali, Greece
September, 1953

Here are the facts: My one-year contract expires Sept. 15 and I have decided not to renew the arrangement. Instead we will follow "Plan B" which involves sending the school-age children back to the States for school and embarking on a tour across Europe en route home. The kids leave Athens by air on Sept. 9, arriving in Los Angeles Sept. 12. They will live with our dear friend, Gladys Carter, of Sierra Madre, until our return. Christopher will remain with us.

"Plan B" is sort of a dream come true. We will sail from Athens for Brindisi, Italy, on Tuesday evening, arriving Thursday morning. Our car will be on the boat. From there we will drive leisurely through Italy, Switzerland, Austria, Germany, France, Holland, Belgium, and lastly, England. This trip should take about six weeks. En route we will stop at some of the International Trade Expositions which are held annually in many European cities. At these fairs I

will be looking for new products, processes, equipment, etc., which may be of interest to people in the United States. I hope to make some valuable contacts for later use. Beyond this I have secured more consulting work in Belgium which will occupy me through December. We should return to Sierra Madre sometime after the first of the year.

We will be sorry to leave Greece. It is the kind of place that grows on you the longer you stay. Perhaps if we stayed too long we would not want to leave at all. That happens to many people here. Besides, we still miss many of the things that are unobtainable here—pure fresh milk, year-round variety in vegetables (how tired we are of string beans and tomatoes!) A hamburger at Eaton's Drive-In!!

But the bright, fresh air of the clear blue Attica sky is something we will not soon forget—nor the wonderful days at the beach—or the dignified, kind villagers with their interesting faces. Much of this we have preserved in Kodachrome slides which we will be able to show our friends at home.

The spirit of the place is something else. It adds up to a philosophy of—don't be in such a hurry—take time to consider things—talk them over—put them off—enjoy your surroundings to the utmost—don't count too heavily on material pleasures—don't bank too strongly on the future—don't work harder than is necessary to make ends meet and put a little by—take a good nap every afternoon and enjoy the long evenings. Something like that. The people with money can well afford this attitude. Those without money accept it because they don't expect to get very far anyhow—and so life goes along in Greece. GARDEN NOTEBOOK

A new television program of interest to home gardeners made its debut in September. Entitled "My Garden and I," the show is telecast each Sunday at 10:30 a.m. over KCCA-TV and features Gordon Baker Lloyd of Sierra Madre, well-known Southern California horticultural authority.

FREESIAS IDEAL INDOOR PLANTS

Freeseas are excellent plants for indoor culture, as they require little attention, blooming extensively in the early days of March through April, if they are placed in a sunny window.

They should be purchased immediately, however, as they require a six-month germination period unless forced. Freeseas must begin their development outside! Grown in a mixture of sandy loam and bone meal, the small corms should be planted one inch deep, 12 to a 4-6-inch container. They may be brought inside ONLY after their shoots are several inches high.

Freeseas should be kept in a cool, well-ventilated room, and watered freely from the time shoots are an inch and a half high. They should never be allowed to dry out from the time they are planted. But like most bulbous plants, over-watering is equally harmful.

At the end of the blooming period, when the foliage has dried out completely, remove the bulbs from the pot and store them away until they are ready to be planted next fall.

GARDENERS' CHECKLIST

1. The fall bulb planting season has started. The fragrant freesia, in particular, does best when planted early.

2. It is time for the fall garden cleanup spray. Aphids, scale insects and spider mites are building on a great many ornamental shrubs and shade trees.

3. New lawns planted now will become established before the cold weather sets in.

4. Be sure that the rooting area under rhododendrons, azaleas and camellias is covered with one inch mulch of leaf mold.

5. Lightly prune ornamental shrubbery for shape. Where necessary, cut back to laterals in such a way that plants do not appear pruned. In general, try not to spoil the natural shape and habit of the plant. Remove dead and weak shoots. Remove withered flowers and seed pods.

6. Ground covers on banks should be planted now. The winter rains will help establish them.

7. Kill crabgrass in lawns by the application of one of the new selective crabgrass killers.

8. There is still time to set out petunias, marigolds, lobelia, snapdragons, zinnias and aster plants.

atmosphere for a retired person with a reasonable income. Unfortunately (?) I have not yet reached that stage.

"Yes, YOU make the news—and it's your newspaper!"

A silly statement?

Not at all. It's the truth.

You and you and you . . . 160,000,000 "yous" make America's news each hour, each day, each week.

Some of you live in cities; some in towns; some on farms and some on ranches. Some of you are men, some women and some are children.

Some of you are rich. Some poor, some in between. Some of you are famous—in agriculture, politics, religion, industry or a hundred other vocations. Some are just "little wheels".

But you make the news.

Your actions, your thoughts, your opinions are the daily grist.

Multipled a millionfold and more, they crystallize into decisions—big and little, minor or earth-shaking.

And it's your newspaper because printed here are all these thoughts and activities of yours — from birth to death.

SIERRA MADRE NURSERY SCHOOL AUXILIARY

IN THE LOVELY garden-setting chosen for the Sierra Madre Community Nursery School auxiliary's Dessert-Fashion show on Saturday, Oct. 10, are pictured two of the busy committee members, Mrs. A. O. Hedblom, left, and Mrs. Julian Hammerschmidt, as they check last minute details. Nursery Schools Launch Fall Season

There aren't enough hours in these autumn days for the busy members of the auxiliaries of the Sierra Madre and Hastings Ranch Community Nursery schools.

To the exclusion of virtually every other interest, the past many weeks, their time and talents have been lavished on two major Fall events—the Sierra Madre Nursery school's fifth annual Dessert-Fashion Show Saturday afternoon, Oct. 10, and the Hastings Ranch Nursery school's first annual Harvest Ball a week later, Oct. 17, at the Altadena Town and Country Club.

HAVE ABLE ASSISTANCE

And working side by side with these busy young women are their competent and indispensable assistants, many of them non-members, whose expert guidance and general cooperation help make such events successful.

Numbered among these are Virginia Sayles of Sierra Madre, fashion - coordinator for the high-style event, "Dreams of Fashion" on the 10th, the semi-professional and amateur models, the children who have helped with Harvest Ball posters and errands, the husbands who contribute everything from "leg work" to business advice to reaching the high places in

decorating."

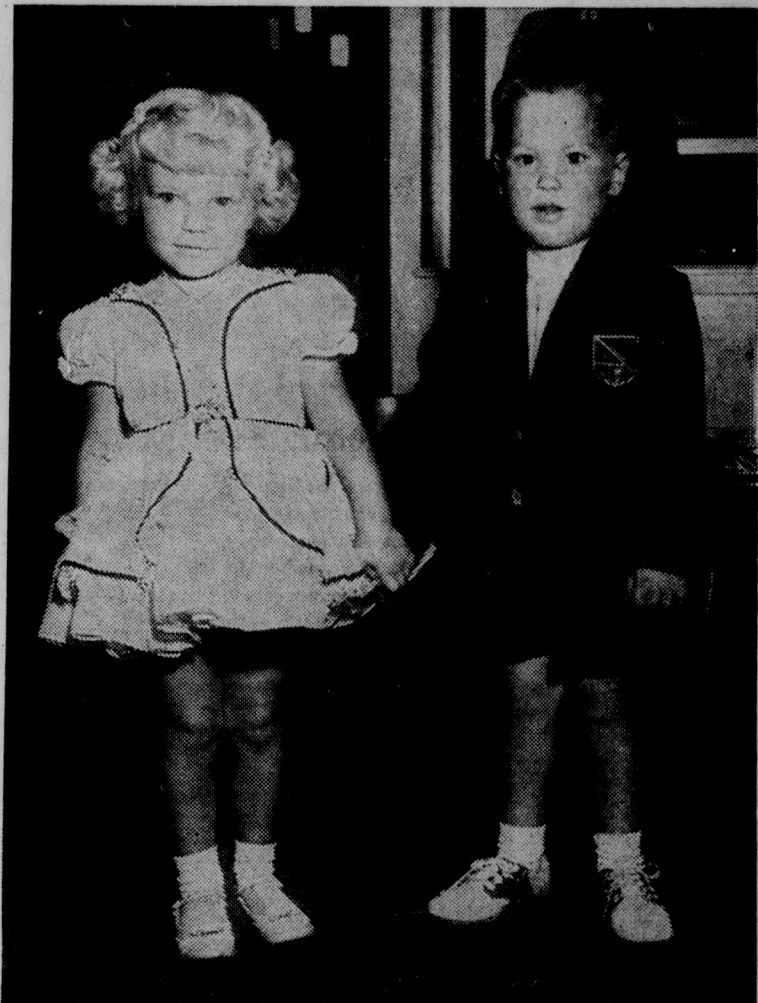

The comparatively new Hastings Ranch Nursery school scored a hit with its Cotton Ball in the Spring and even greater interest in the coming Harvest Ball points to glowing success.

Dinners and cocktail parties are being planned by many couples who will be attending. The general chairman is Mrs. Ross E. Burke.

PRE-EVENT PARTIES PLANNED

And prior to the Dessert-Fashion show will be many streamlined luncheons for groups who then will proceed to the estate at 1005 Fallen Leaf Drive, Arcadia, for dessert and coffee at 1:30 before the promenade of California designer fashions in the garden setting. Mrs. J. P. O'Neill is general chairman of the fashion show committee.

In both communities where so many young couples with small children have chosen to make their homes, the Nursery schools, with their allied activities, the fund-raising, work-days, buffet supper get-togethers and mother-helper and mother-teacher programs, bring together and localize the interests of these active, contributing families.

SMALL-FRY FASHION MODELS: Jacquie Hedblom and Tye Tuchscherer are among the tots who will model the latest in school, play and dress-up togs.

DOTTIE (Mrs. J. P.) Atkinson, shown here wearing a pink-trimmed champagne jersey dress.

AMONG THOSE WORKING on the posters were (left to right), Mrs. Owen Cone and her daughters, Sherry and Penny Wright, Mrs. Merwyn Fair, and Mrs. Robert L. Farmer.

THE HARVEST BALL flower bar chairman, Mrs. Frank J. Williams, seated, is shown surrounded by her assistants, left to right, Mrs. Gordon K. Wright, Mrs. Peter G. Lubisich and Mrs. James D. Peterson.

MR. AND MRS. HARRIS ROBISON (left) and Mr. and Mrs. Charles E. Kelly are two of the many couples planning to attend the Harvest Ball.

Blackmer-Randolph Nuptials September 24 in Downey

Announcement is made of the marriage Sept. 24 of Patricia Mae Randolph, daughter of Marvin Randolph, 70 Esplanza, and the late Mrs. Randolph, to Harold H. Blackmer, son of Mr. and Mrs. Howard Blackmer of Remus, Mich. The marriage was solemnized in the Gretna Green wedding chapel in Downey.

The bride was attired in a ballerina length white nylon net gown fashioned over satin and accented with a lace overskirt. A nylon net and lace

long-sleeved jacket was worn over the tightly fitted bodice. The finger-tip illusion veil was held in place by a net coronet studded with pearls. A bouquet of butterfly orchids was carried by the bride.

Barbara Jean Randolph, sister of the bride, was the maid of honor and wore a blue silk changeable taffeta ballerina dress with a pink satin underskirt. Her bouquet was fashioned of pink carnations.

The groom's best man was Carmon Cook.

Carnival Name To Be Chosen By Students

"Name Your Carnival" is the subject of a contest being put on by the Field P.T.A. for the students of the school. The contest began Oct. 1 and will last until Oct. 10, at which time the winners will be chosen. The first prize will be a picture of the contestant in a Pasadena newspaper and \$2 worth of carnival tickets. Second and third prizes will be \$1 worth of tickets for the carnival.

Entries must bear the name and age of the child and are to be dropped in a box at the school office marked "Theme Box."

The school carnival is to be held on the playgrounds, Saturday, Oct. 24, from 2 to 9 p.m. and it promises to be "the biggest and best yet," according to Mr. and Mrs. Alton Peterson, chairman of the activity for this year. As in past years, dinner will be served from the many booths catering to children's as well as adults' appetites. "Come early and stay late," the Petersons urge.

A large reception was given by Mr. and Mrs. Francis McMaster in the beautiful garden of their home at 3720 Landfair Rd. last Saturday, following the marriage of their daughter, Mary Alice McMaster, and James Francis Lyle, son of Mr. and Mrs. Elmer Lyle of Los Angeles.

The couple were married Saturday morning at 10 o'clock at the Church of Assumption of the Blessed Virgin Mary, Pasadena, with Rev. Timothy Crean reading the nuptial mass. Walter Lipman was the organist. The bride was attended by her sister, Miss Patricia McMaster, as maid of honor, and Miss Katherine Lyle of Los Angeles, sister of the bridegroom, as bridesmaid. Richard Malcolm of Eagle Rock was best man and the ushers were James Cullen, cousin of the groom, and Gregg Sheridan.

Chantilly lace over nylon net fashioned the ankle length bridal gown. Her fingertip tulle veil was held in place by a matching lace Juliet cap. The bridegroom wore an arrangement of lilies of the valley and stephanotis with a large orchid in the center.

The maid of honor, wearing an ankle length pink nylon tulle gown, carried a bouquet of blue carnations, and the bridesmaid was dressed in blue tulle and carried pink carnations.

The new Mrs. Lyle is a graduate of Immaculate Heart High school in Hollywood and attended Pasadena City college where she was a member of the Chirell society. Mrs. Lyle graduated from Loyola High school and attended Los Angeles City college.

The newly married couple are honeymooning in the north prior to Mr. Lyle resuming his duties in the United States Army.

Estes Kefauver, U.S. Senator from Tennessee: "No single nation in the modern world can maintain peace by force of arms without going bankrupt in the process."

Herbert H. Lehman, U.S. Senator from New York: "Our whole nation needs a strengthening of its moral fiber."

Search on for Ties To Be Sold at PTA Country Carnival Booth

Mothers of Mr. Bowman's fifth grade pupils at the City Elementary school are viewing their husbands' necktie racks with a view to gathering "merchandise" for the booth they will maintain at the PTA Country Carnival Oct. 17.

The men are cooperating with the tie collection, it is reported, since they find it an ideal way to dispose of the vivid ties generally chosen by elderly aunts as Christmas gifts. The busy signal on the telephone is the order of the day as the mothers call their friends requesting donations.

A local cleaning establishment is donating its services to clean the ties which will be sold at the booth for only a few cents each.

Anyone with a tie or ties to donate, vintage 1901 to 1953, can leave or send them to Mr. Bowman's fifth grade room at the City school.

Barrett's Home Gardens Holds Four-Day Open House

Barrett's Home Gardens, 192 N. Mountain Trail, will hold open house today, tomorrow, Saturday and Sunday, and R. G. ("Reg") Barrett and staff are inviting the public to visit the nursery, inspect the displays of tropical and other plants, discuss the nursery's extended services and consult with guest garden authorities who will be on hand during the weekend.

Formerly the Ward Nursery, a Sierra Madre business and landmark for 50 years, the business was purchased by Barrett early this fall. It had been operated for many years by the late Jessie Ward Russell whose father founded it.

Garden Expert Guest

A feature of the four-day open house will be the appearance Saturday afternoon from 1 to 5 p.m. of Gordon Baker Lloyd of Sierra Madre, popular radio and TV gardening authority, and his wife, "Sassy" who appears on his Sunday morning television programs with him.

Lloyd will be available during those hours to answer all gardening questions and help visitors with garden problems. During the afternoon he will tape-record some of the interviews to use on one of his evening radio broadcasts.

Sunday afternoon from 1 to 5 o'clock David Gilfillan, garden commentator and consultant, and Pat Burke, representative of a garden spray manufacturer, will be on hand in a consulting and advisory capacity.

Special Prizes, Values

During all four days there will be some special prizes awarded and outstanding values in all merchandise and garden supplies, Barrett says.

Since taking over the nursery Barrett has enlarged its scope

of California School of Dentistry.

The dentist has lectured before dental societies across the country and has published his articles on new dental X-ray techniques and the surgical elimination of mouth infection.

Takes Special Courses

Special courses in oral surgery were taken by Dr. McCormack in San Francisco from 1936 to 1944, during which years he also practiced dentistry there. He served in the U. S. Army Dental Corps from 1944 to 1945, then until 1947, he was a member of the faculty of the University of Hawaii and established a dental X-ray laboratory in Honolulu.

Dr. McCormack is a member of the American Dental Ass'n and of state and district dental societies, a charter member of the American Academy of Oral Roentgenology and the International Ass'n of Anaesthesiologists, the Pierre Fauchard academy and Xi Psi Phi Dental fraternity and is included in the 1953 issue of America's Dental Leaders.

Dr. and Mrs. McCormack and their youngest son, Franklin, reside in Altadena at present and are members of the Altadena Community church. Two older sons are married. They are Ronald McCormack of Sierra Madre and Donald Jr., of Duarte.

LEGAL NOTICE

NOTICE OF PUBLIC HEARING BEFORE THE PLANNING COMMISSION

NOTICE IS HEREBY GIVEN that Raymond D. and Loraine N. Andrews have filed with the Planning Commission of the City of Sierra Madre an application for a zone change from R-1 (Single Family) to C-1 (General Commercial) as to certain real property described as:

Beginning at a point in the East line of Michillinda Avenue, which point is Northerly 271.44 feet from the Southwest corner of Block A of Andrews Subdivision in the City of Sierra Madre; thence Easterly, parallel with the North line of Mariposa Avenue, 110 feet; thence Northerly, parallel with the East line of Michillinda Avenue, 150 feet more or less, to a point in the South line of Sierra Madre Boulevard; thence Westerly, along said South line of Sierra Madre Boulevard to the East line of Michillinda Avenue, thence Southerly along the East line of Michillinda Avenue to the point of beginning.

That pursuant to the provisions of Ordinance No. 391 of the City of Sierra Madre as amended, the Planning Commission has fixed Thursday, the 22d day of October, 1953, November, 1953, at the hour of 8:00 o'clock P.M. in the Council Chamber in the City Hall of Sierra Madre as the time and place for holding public hearings upon said application.

The application for change of zone is based upon the grounds that there are special circumstances attached to said property which generally do not apply to other property in the same district; that the granting of a zone change as aforesaid will not result in a material damage or prejudice of other property nor be detrimental to the public welfare or injurious to persons in the vicinity thereof.

Dated September 28, 1953.
BY ORDER OF THE PLANNING COMMISSION
David S. Wood, Secretary
Publish October 1 and 8.

Miss Webster Pledges
Alpha Delta Chi

Miss Nancy Webster, daughter of the W. Alden Websters, 305 E. Laurel, returned Sunday by plane to Berkeley where she is a junior at the University of California. She came home to visit with her family and to be a bridesmaid in the wedding party Friday of Joan Edwards and Donald Barton who were married in the Arcadia Church of the Good Shepherd.

Miss Webster, who matriculated in September at U. of C., has been pledged by Alpha Delta Chi sorority and is living in the sorority house now. She was graduated in June from Pasadena City college.

distance between the new dwelling and the older house, both fronting on Manzanita, is only about 12 feet rather than the required 35 feet between houses erected side by side.

The court found the applicable provisions of the ordinance to be contained in the section

dated in September at U. of C., has been pledged by Alpha Delta Chi sorority and is living in the sorority house now. She was graduated in June from Pasadena City college.

dealing with side yard requirements and that the new dwelling conformed in this and all other respects to the ordinance as legally interpreted.

The opinion states, in part: "The distance of twelve (12) feet between the old house and the new house satisfies legal requirements as to side yards."

Building Permit Issued

In July, 1951, Mrs. Thurber consulted the city attorney and was advised by him that more than one structure could, by law, be erected on one lot provided there were 7500 square

feet of lot space for each building occupying a portion of said lot and "that if that area included more than 15,000 square feet that she could safely proceed with the building." A building permit was issued.

In a rehearing of the original case the plaintiffs had sought

to prove the new dwelling a public nuisance on three fire and health hazard points, namely, chimney for the fireplace, incinerator and cesspool. This was non-suited by Judge Sprankle of the Superior Court.

Filing of the appeal in May, 1953, followed.
